It was decided to have a smoker for the public some time in January and the annual banquet in February.

YOUNG INDIAN KILLS HIMSELF

Slashes His Throat With a Penknife Because His Young White Sweetheart Jilted Him.

CAMDEN, N. J., Dec. 27.—Heart-broken because his sweetheart, a white woman, had jilted him on Christmas eve, Wm. M. May, 21 years old, a full-blooded Indian, committed suicide Sunday at the corner of Eighteenth and Federal streets, while Christmas crowds were on their way to worship, by slashing his throat and stabbing himself with a penknife. The gift of the young woman to whom he had been betrothed. He died two hours later at the Cooper hospital.

May told doctors at the hospital that he had lavished gifts on Miss Elsie Staley, to whom he was engaged to be married, and Saturday night he went to his sweetheart's home and laid another on the table. Later in the evening the pair disagreed over some trifling matter and the young woman told the Indian that he need no longer call.

May walked the streets all night, he told the doctors, and then decided to end his troubles.

HEROISM OF YOUNG WOMAN

Assisted by Four Men, Effects Rescue of Seven, When Boat Capsizes in Storm.

NORFOLK, Va., Dec. 27.—The rescue of five men from death in the icy waters of Chesapeake Bay Saturday night was effected partly through the heroism of Miss Addie Parkerson, 16 years old. When a dory containing seven men, put out for the bark Kingdom in the teeth of a northwest storm, the little boat was capsized. Two men, named St. Clair and O'Connor, were drowned.

The cries of the men were heard by Miss Parkerson, who lives at Ocean View, and with the assistance of four men she launched a boat and went to the rescue. Five men were pulled out of the surf.

Miss Parkerson was wet from her head to her feet when she again reached the shore, but she saw that the rescued men were cared for before she would consent to go to her home on the beach and change her clothes.

EXPLOSION OF DYNAMITE BOMBS

Is Culmination of What the Police Call a Feud of Long Standing Among Gamblers.

NEW YORK, Dec. 27.—As the culmination of what the police call a feud of long standing among the Harlem gamblers, two dynamite

bombs were exploded within five minutes of each other early Sunday in vestibules of Harlem houses. Both bombs went off shortly before 8 o'clock Sunday morning a block apart in One Hundred and Sixteenth street. The only clue to the identity of the perpetrator is the statement of a policeman who describes a mysterious man who went racing through the street in a black taxicab shortly before the explosions.

On one side of the place of the first explosion is a new social club, and on the other a dance hall. The windows in these buildings were shattered, and the club thrown into a panic.

Before the surprise of the first explosion had disappeared there came another more violent crash a block away. It blew out both the inner and outer windows of the building and routed nearby residents from their beds. Both places are near a club which was raided not long ago by Deputy Police Commissioner Driscoll. After the raid the commissioner announced that gamblers had raised a fund of \$15,000 to kill him.

CHILD TELLS OF MURDER

Four-Year-Old Girl Declares Father Clubbed Mother to Death in Fit of Drunken Rage.

CLEVELAND, Dec. 27.—Mrs. Anna Fador, 2062 Gage street, N. W., was found in bed, police say, clubbed to death by her husband, Paul Fador, at an early hour Christmas morning, as chimes in the St. Nicholas church rang Christmas greetings to the people of the Slavish colony. Fador is held on the charge of murder.

Mary Fador, 4 years old, found sleeping at the side of her dead mother, told Coroner Boesger her father, in a drunken rage, beat the mother to death with a club. The child said the mother screamed and then fell to the floor, her head striking the kitchen stove.

The body had been carefully washed and placed in the bed. The child says her father then crawled under the clothes and slept for a few hours. Then he arose, went to church and bought candies, telling his friends at the church that his wife had died during the night. A brother of Fador Sunday night discovered the evidence of foul play and called the police, to whom the girl told the story.

KRESS' OPEN WEDNESDAY AT 1 O'CLOCK.

Unusual preparations are being made at Kress' to make their regular annual inventory sale, which starts Wednesday, Dec. 28, at 1 o'clock, one to be remembered. The store will be closed to the public Wednesday forenoon, but all the employees will be very busy inside, assembling the big bargains in each department, so that the doors can be opened promptly at 1 o'clock next Wednesday.

All left-over holidays goods, slightly soiled or broken assortments of staple lines, etc., must be closed out before the annual inventory is taken at the end of this week, consequently great bargains are promised.

WAITING FOR DEVELOPMENTS

Treasurer Farley and Attorney General Breathitt Are Ready to Act as Peacemakers.

FRANKFORT, Ky., Dec. 27.—While waiting for developments in the big Democratic row that will terminate in the state primary May 27, politicians, both Republicans and Democrats, of this section of the state are only certain of one thing and that is that the campaign leading up to the primary will be one that will be remembered for a long time.

It is predicted freely and on all sides that Congressman Ben Johnson who is regarded the gamest of all political scrappers in the state, will not lay down in front of the McCreary steam roller until he has let every Democrat in the state know that he is in the campaign.

Word has come already from the Democratic Gibraltar of this state, the first congressional district, that Col. J. M. Hendrick is going to take the stump and let out a hollow, and that Congressman Ollie James will have something to say about the Democratic state executive committee repudiating their national platform of refusing to choose their nominee for United States senator by the direct vote of the people.

It would not be a surprise, too, if he was not backed in his remarks by Col. Wm. J. Bryan of Nebraska, and the trouble that is going on over in New York and Ohio about the selection of Democratic senators will be used as striking illustrations.

It would be smooth and easy sailing for the party that now occupies the state house if all was harmonious within their ranks. But factional fights bid fair to wreck the administration.

During all the trouble the two members of the administration who have been ever ready to act as peacemakers are, Treasurer Farley and Attorney General Breathitt.

REPORTS OF AWFUL FAMINE IN CHINA

Has Affected 3,000,000 Persons, and \$1,000,000 Is Urgently Needed for Immediate Aid.

NEW YORK, Dec. 26.—Private advices received here state that the famine in China has so far affected 3,000,000 persons and that \$1,000,000 is urgently needed for their aid. Rev. Arthur J. Brown, chairman of the committee on reference and counsel, representing the boards and societies of foreign missions in the United States and Canada, made public here Saturday night the following cablegram from the interdenominational committee in Shanghai:

"Famine to a great extent over northern part of Kiang Su and An Rui provinces. Three million people affected. Chinese government and people generously contributing relief. According to report of missionaries

in the district affected relief is insufficient. Interdenominational committee organized in Shanghai proposes that missionaries co-operate with generous Chinese to raise funds and in distribution. A million dollars is needed. Help must be carried on until May. Please communicate this to missionary societies, church papers and Christian Herald, urgently requesting contributions."

The combined population of the two provinces named in the cablegram is 37,650,549.

PROCEEDING AGAINST CHRISTIAN SCIENCE

As a Movement Against Public Policy May Be Made in Contesting the Will of Mrs. Eddy.

NEW YORK, Dec. 26.—The American Sunday morning says:

"Mary Baker G. Eddy, the founder of Christian Science, has left as a legacy to the cult she created the gravest crisis in its history.

"She did this unknowingly, of course, when in her will she made the Mother church her residuary legatee and bequeathed it to the bulk of her estate, which conservative estimate fixes at close to \$3,000,000.

"No doubt remains that the heirs of Mrs. Eddy—her son, George W. Glover, and her adopted son, Dr. E. J. Foster Eddy, have reached a final decision to fight for possession of this fortune.

"It is equally certain that former United States Senator William E. Chandler and other distinguished counsel representing the heirs, have determined upon a line of legal action which will raise unique issues and arouse international interest.

Refused to Talk.

"Mr. Chandler when questioned emphatically declined to make any statement or either to admit or deny the accuracy of the reports circulated as to his plan of campaign in behalf of the Eddy heirs.

"But several other distinguished lawyers have been consulted in the preparation of these plans and the information comes from absolutely authoritative sources. Not only will the will of Mrs. Eddy be attacked as illegal under the statutory laws of Massachusetts, but there is every promise of a separate proceeding which will be directed against Christian Science itself as a movement against public policy.

MANY KILLED AND INJURED

Engineer Craig Dies of Heart Disease at His Post and Train Runs Past Signals.

BUYRUS, Ohio, Dec. 26.—Six dead and six injured is the toll of a railroad wreck which occurred at 1:45 o'clock Saturday morning on the Ft. Wayne division of the Pennsylvania railroad five miles west of Buyrus, near Nevada, Ohio. Four railroad employees and two passengers are in the death list, while three railroad men and three passengers were taken bruised and bleeding from the ruins of the dismantled engines and wrecked sleeping cars.

Fireman Connelly, on one of the wrecked engines, in Ft. Wayne, Ind., Saturday night made a statement which has convinced railway men that Engineer Craig, his cab partner, had died of heart disease while seated at the throttle and that this caused his train to run past warning signals.

From Joy to Tragedy.

Two trains, passenger No. 15 and eastbound express No. 48, which was laden with Christmas gifts, collided head on and turned what would have been a joyful Christmas into a day of mourning for the relatives of the victims.

The peaceful night resounded with discordant echoes when, following the terrific crash, the roar of escaping steam was mingled with the cries of the injured, the screams of righted passengers and shouts of the rescuers.

Those who met death in the crash were mercifully spared suffering, all six being killed instantly. Of the injured two are critically hurt, but may recover, while of the remainder none of the injuries are considered dangerous.

TEN CIVILIANS ARE EXECUTED

Revolutionists Surround General Navarro, but His Situation Is Not Thought To Be Precarious.

CHIHUAHUA, Mexico, Dec. 24.—An American who has been ten days with the insurrecto forces returned Friday, bringing news that the latter recently executed ten civilians hostile to the revolt. Their number includes one judge.

While the revolutionists surround Gen. Navarro at Padernales, his situation, according to this information, is not precarious. He could march out with his force and do battle, but is awaiting reinforcements.

Gen. Brandon, the Mexican Herald correspondent, who has been with the federal forces, and for whose safety grave fears have been entertained, returned here Thursday night.

He left the army pursuant to a war office order that no more correspondents be allowed with the troops. F. A. Sommerfield, who has been observing operations from the insurrecto side, also returned.

A daring squad of four insurrectos rode into this city Thursday night distributing circulars stating that the citizens should remain within doors after 5 o'clock Saturday afternoon, as the rebels intend to enter the city. Warning was not regarded seriously.

A patrol of elite soldiers, who fired several shots, drove them from the streets and they disappeared in the direction of the mountains.

More than a thousand reinforcements are now in the city. Government troops, which started a week ago from Sonora, are reported within two days' march of Guerrero, one of the insurrecto strongholds.

SWANGO SPRINGS CASE ON TRIAL

H. H. Swango Wants Damages from J. S. Rittenhouse for Being Denied Use of Water.

In the circuit court Tuesday a jury is engaged in trying a suit for damages of H. H. Swango vs. J. S. Rittenhouse. This is a suit between Wolfe county parties, in which the plaintiff claims that the defendant that the defendant denied him the use of the Swango Springs water for the season of 1903. The case has been pending in the Wolfe circuit court since January, 1904, and was sent here on a change of venue last summer. The plaintiff claims \$5000 damages.

The plaintiff and the defendant are rival hotelkeepers at Swango Springs near Hazel Green. At the time this suit was instituted Rittenhouse denied Swango's right to use water from the spring, but Swango's right to the use of water from the spring has been established by the circuit court of Wolfe county and the court of appeals, leaving only the question of damages to be settled by the jury here.

COURAGE.

Time usually helps toward correct conclusions. It will be so in the general judgment of Col. Roosevelt's part in the late elections. The notion, held and propagated by a certain type of his opponents, that he was moved, not by genuine impulses, but by personal calculations for 1912, will hardly exist long even in the regions where it was born. The real Roosevelt is the one sketched by Judge Lindsey in "The Beast." When Colorado was on fire for silver, in 1900, Roosevelt, then governor of New York, appeared in the Denver opera house, to make a campaign speech. As he faced the crowd he bared his teeth, and the first words they heard were: "We stand on a gold platform." Judge Lindsey, whose life has been a hard and noble fight, says that when he has faced the hoot of prejudiced opposition, he has remembered Roosevelt and filled his lungs again. That is the Roosevelt who is stamped on the mind of America, and who has pointed the path to many of the best among her public men.—Collier's.

Congress sets a bad example to the rest of us. On a salary of \$7000 a year the members take a holiday vacation of 14 days with full pay.

More money to the acre can be made by raising turkeys than tobacco. There is too much tobacco but not enough turkeys.

We have had several answers to our question: "What is a lame duck?" To sum them up, it means one that fails to get there.

If you think a good thing can be done, go ahead and do it. Don't waste time arguing with others about the feasibility of it.

There are too many churches and an over-supply of preachers. We should have fewer churches and the decreased number of pastors should get better pay.

Those patriotic citizens who want the national capital moved to the center of population are a hundred and thirty years too late.

WORLD'S RECORD

FOR ALTITUDE

is Now Held by Arch Hoxsey of the Wright Team of Aviators. Soars Two Miles Upward.

LOS ANGELES, Cal., Dec. 27.—Seventy-five thousand people saw Arch Hoxsey of the Wright team of aviators, break the world's record for altitude here Monday. He soared more than two miles up into the sky, his altograph registering 11,474 feet, or almost a thousand feet above the altitude of 10,499 feet recently attained by Le Gagneux at Pau, France.

This is the second time the existing world's altitude record has been broken in Los Angeles, the first time being last January, when Louis Paulhan rose a little over 4000 feet.

Hoxsey accomplished his feat in a 40-mile gale that wrecked Hubert Latham's Antoinette monoplane and kept more cautious aviators on the ground. Hoxsey sailed into the sky at 1 o'clock. At 2:45 o'clock his barograph showed the greatest height while he soared over Venice, a seashore resort, more than 20 miles from the aviation field.

Coming down he made a series of thrilling spiral glides while thousands of feet in the air. Before he came lightly to the earth the crowd was on its feet cheering. He was lifted from his biplane by fellow aviators, who paraded up and down before the grand stand, bearing the intrepid aviator on their shoulders.

The crowds insisted on making a hero of Hoxsey and did not give him time to doff his furs, but marched him back and forth before the grand stand.

AUDITORIUM.

A splendid comedy picture just released by Essanay Film company, entitled "Hank and Lank," rivals of Gloomy Gus and Happy Holligan, "who duces up some," is the feature picture at the Auditorium theater Tuesday. Melix is also offering a good picture, entitled "Won in the Fifth," showing the training camp of several lightweight fighters and the fight, which takes place later. The light at the Auditorium Monday night was bad, caused by the breaking of the engine, which has been fixed, and those attending the show Tuesday will have the opportunity of seeing two extra good pictures.

SENATORIAL BOOM
SPRUNG FOR FAULKNER

Jas. W. Faulkner, Newspaper Man of Cincinnati, Is After Democratic Nominations in Ohio.

CINCINNATI, Dec. 24.—A senatorial boom has been sprung in behalf of James W. Faulkner, a widely known political writer for a Cincinnati paper, the Columbus Hamilton county Democrats are backing the movement and he is being endorsed by newspapers throughout the state.

Mr. Faulkner, while in no sense a candidate for the office, is generally regarded by the Democrats of his home city as a man peculiarly fitted for the place through his profound knowledge of state and national politics.

The Democrats of Hamilton county are dissatisfied with the joint debate between Pomerene and Hanley, and are looking for another man. The name of Mr. Faulkner was first mentioned by Dr. Thomas P. Hart, opponent of Nicholas Longworth for congress, immediately after the result of the election became known.

Since that time the movement to make Mr. Faulkner senator has been spreading and now is being advocated in many places up the state. In case of a deadlock between Pomerene and Hanley it is probable both factions easily could unite on him on account of his personal popularity and known ability, and there is no other active candidate from this part of the state.

Mr. Faulkner is a Cincinnati man, born and bred, and is the dean of political writers in the state and one of the foremost in the country. He was for a time a police commissioner of Cincinnati, but never has held any other office.

Mr. Faulkner is making no campaign for the office, and is at present touring the state with the Pomerene-Hanley debaters in his capacity as a newspaper writer.

STATE OF WILD
DISORDER PREVAILING

GREENSBURG, Pa., Dec. 27.—A state of wild anarchy prevails throughout the Westmoreland county mining strike region. Serious rioting has occurred at Osborne and Yekou and there has been much disorder throughout the entire field. BUFFALO BILL.

Buffalo Bill will be seen at the Winchester opera house in motion pictures that are lifelike and positively full size on Thursday and Friday nights and Friday matinee.

These pictures were taken this season while the Wild West-Far East show is making the personal farewell tour of America to the only and original Buffalo Bill.

The grand military tournament, rough riders, Indians, Arabs, cowboys, plainsmen, soldiers, Cossacks, Mexicans, Wild West girls, Zanees, Dragons, artillery drills, acrobats from Japan, bucking bronchos and the sensational Indian uprising, every scene of a full two-hour show, reproduced with vivid reality. The admission fee is only 10 cents.

A HEMP SUIT.

At Danville a suit was filed by McBrayer Moore, a prominent farmer, against the American Trading company. He alleges he sold his hemp to Geo. Cogar for the company; that Cogar was stricken with paralysis and when his affairs were wound up his creditors got but little. The petition says the Trading company is a corporation that fixes the price of hemp both to the buyer in the East and the farmer who grows it in Ken-

tucky and that it is a trust operated in defiance of the laws. The Trading company is composed of Dr. S. Gray of Winchester, Ford Brent of Paris and several Lexington hemp dealers. The Trading company denies that Cogar bought the hemp from Moore for its benefit, but that the sale was a trade between the two men. Also they deny that the Trading company is a trust or that it is in violation of the laws.—Jessamine Journal.

CLARK PREDICTS HIS ELECTION

To Speakership in Letter to President
Charles Louis Loos of Lexington.
Was Student at Transylvania.

LEXINGTON, Ky., Dec. 27.—In a letter to Prof. Chas. Louis Loos of this city Hon. Champ Clark predicts his election as the next speaker of the house, saying:

"I am sure you will be glad to know that the opposition to me for speaker has about faded out. My election seems to be as certain as anything political can be a year off. The present minority leader of the

house formerly was a student at Transylvania university and had classes under Prof. Loos, to whom he acknowledges a deep debt of gratitude."

The letter follows:
"Washington, D. C., Dec. 19, 1910.
"President Chas. Louis Loos, Lexington, Ky.:

"My Dear Friend—I received your note about Judge Lamar. He is now Mr. Justice Lamar of the supreme court of the United States, having now been confirmed. I have met him twice and he seems to be to be a very fine man. Of course, the fact that he married President Pendleton's daughter made me feel very kindly toward him.

"I am delighted to hear from you and judge from your letter that you are still vigorous and hope you will be for many years to come. I owe you a very deep debt of gratitude. I am sure that you will be glad to know that the opposition to me for speaker has faded out. My election seems to be as certain as anything political can be a year off. Please remember me to your folks.

NAVARRO'S FORCE IS POOR ARMY

Former American Officer of Spanish
War Tells of Terrible State of Affairs in Chihuahua.

EL PASO, Texas, Dec. 27.—An American, formerly an officer in the Spanish War, and now a mining engineer in Mexico, arriving Monday direct from the scene of the revolutionary activity west of Chihuahua, declares that Navarro's force is about 300 men and that they are sorry looking fighters.

"It is the poorest army I have ever seen," he declared. He says many of the federals killed in the battle of Malpaso were still unburied Saturday and that the stench was terrible.

"The rebels can hold that pass against 5000 federals," he declared.

The advancing federals are carrying wireless apparatus and, having already established a wireless tower in Chihuahua, hope to restore communication with the field if they ever

get through Malpaso and join Navarro.

Workmen are not being disturbed in attempting repairs to the burned bridges on the El Paso Northwestern railroad south of El Paso, but have no communication with the rebels and fear that the bridges will be destroyed again.

REINFORCEMENTS ON MARCH.

CHIHUAHUA, Dec. 27.—The two thousand government reinforcements are said to be on the march pursuant to a design of surrounding the insurgents. For this purpose they have about 2800 men, including Navarro's forces.

The revolutionists are supposed to be still in the neighborhood of Pedernales and in the mountains near Malpaso. News of a conflict is expected at any time. The telegraph line still works west as far as San Antonio.

CLAIMS WIFE KIDNAPPED SON

Edward Palmer, Once a Well-Known
Circus Clown, Is Now Physical and
Mental Wreck.

BALTIMORE, Dec. 27.—Charging his wife with having kidnapped his son, Edward Palmer, once a well-known circus clown, who is living here temporarily, applied to Deputy Marshal Manning Sunday for help in getting his child back.

His wife, Palmer says, is a member of a prominent Philadelphia family. His wife has left him, Palmer believes, never to return.

While in Washington, Palmer says, he was living with his two sons, Mack, 7 years old, and Rither, 12 years old. Unexpectedly his wife, who has been doing some vaudeville acts in nearby towns, appeared on the scene and, inducing Mack to join her, he says, she suddenly disappeared.

A physical and mental wreck, Palmer returned to Baltimore and took rooms. A few nights ago he attempted suicide, he says, by asphyxiation, but was prevented by his son.

Mabel Palmer is well known in certain circles as a Spanish toe dancer. Palmer has been a performer and manager, and for 14 years was a clown with the leading circuses.

PREPARING FOR BITTER FIGHT

Political Enemies of Senator Lorimer
Are Working Against Adoption of
Report of Committee.

WASHINGTON, Dec. 27.—Political enemies of Senator Lorimer of Illinois are preparing for a vigorous fight in the senate against the adoption of the report of the committee on privileges and elections, recently submitted, which failed to find any cloud upon the senator's title to his seat. While they do not hope to be able to reject the report, in view of the fact that only one Republican, Senator Beveridge of Indiana, and one Democrat, Senator Frazier of Tennessee, refused to sign it, yet they do expect to call attention on the floor of the senate to a great deal of the alleged corruption in the Illinois legislature and at the same time, it is said, the methods pursued by the investigating committee will be severely criticized.

Senator Beveridge is going over the testimony taken before the committee, and also all of the details in the case which were not brought before the committee, and it is anticipated that he will lead the fight against the adoption of the report. He is retiring from the senate soon and hence it makes little difference to him what personal animosities he engenders by an attack upon the junior Illinois senator. Besides, a fight upon Lorimer by Beveridge in the closing days of his senatorial career would, it is figured, send him away with a verdict of popular approval, at least so far as a certain element of reformers is concerned. Those who have been carrying on the attacks against Senator Lorimer in Chicago are priming for Beveridge with a vast amount of data which it is expected he will use in his speech.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures.

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for cloth-bound copy.

If sick consult the Doctor, free of charge, by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

ADJUSTMENT OF STRIKE QUESTION

Four Million Dollars Annually in Increased Wages Is Granted to Locomotive Engineers.

CHICAGO, Dec. 26.—Four million dollars annually in increased wages was granted Saturday to the locomotive engineers on 61 Western railroads. This is an average advance of \$10.19 monthly to 32,780 men, or an increase of 10.3 per cent in the pay rolls of the roads involved.

Peace between the engineers and railroads is now assured for several years to come.

The Brotherhood of Railroad Trainmen and the Order of Railway Conductors have asked for an increase for 75,000 members on the same lines and it is understood the railroads are willing to grant an advance aggregating nearly \$5,000,000. They will be settled Tuesday, as it is admitted there are no serious differences between these two organizations and the general managers.

NOBLE THOUGHTS.

New Year's greetings are greetings of good will. How they soften hard hearts, purify base desires, sweeten bitter thoughts, and make every deed purer and holier. Let hearts expand, sympathies enlarge, and good will reign. Let benediction drop from lips, and substantial gifts fall from overflowing hands. Make cheerless homes radiant, and hopeless hearts to thrill with unspeakable gladness. Forgive your enemies. Bury the past. Rise above the mean and petty resentments which you may have harbored against those who have not used you well. Be generous. Get ready to meet the new year with kindly feelings and more noble ambitions. Make the New Year of 1911 a day to which you can always look back with pleasure and gratitude. Peace, good will unto you, dear reader, and a "Happy, Happy New Year to you all."—Ed Shimnick in His Shelby Record.

NARROW ESCAPE OF PASSENGERS

Several Women, Fearing the Clutch of the Current, Made Frantic Efforts to Jump Overboard.

BUFFALO, N. Y., Dec. 26.—With rudder broken and its hundreds of passengers in a frenzy of fear, the new ferry boat Niagara Frontier, plying between this city and Fort Erie, Ont., became unmanageable in midstream on the Niagara river Saturday and drifted toward the International bridge. Cool heads alone kept the panic from turning to tragedy.

Several women, fearing the clutch of the current, which would either dash the craft against the bridge or rush it miles beyond to the Falls, tried to jump overboard, but were prevented.

A signal of distress brought the International tug to the rescue and the helpless vessel was captured within half a mile of the bridge just opposite the little Episcopal church on the Canadian shore and she was dragged out of the current to safety and back to her dock.

At this time of year when there is little or no navigation, collision with the International bridge would surely have resulted in disaster. The tug arrived none too soon.

MOONSHINER IS SHOT TO DEATH

Pastor Is Aided in Fight by His Two Brothers, Also Baptist Preachers. One of Whom Was Badly Wounded

BLUE RIDGE, Ga., Dec. 26.—Carter Lingerfelt, a moonshiner, was shot to death Saturday afternoon in Mount Pisgah church, near here, by Rev. W. J. Kimmon, a Baptist minister. The pastor was aided in the fight by his two brothers, also Baptist preachers. One of the latter was seriously wounded by Lingerfelt.

While Christmas exercises were being held in the church Lingerfelt intruded and threatened to kill the preachers. Lingerfelt has previously threatened to run the three ministers out of the county if they continued to preach against "moonshining."

As soon as Lingerfelt drew his gun, the three preachers, it appears, were ready for him, for they opened fire and Lingerfelt fell, pierced by half a dozen bullets, not before, however, he had fired three shots himself, one striking Rev. H. W. Kimmon and inflicting a serious wound.

The preachers fired from the altar and Lingerfelt was killed just inside the church door.

Panic prevailed during the shooting, many of the women fainting and men crawling under the benches.

At the time the tragedy was being enacted a big illicit still operated by

OFFERS HIS EYE TO A FRIEND

Glass Optic Was Frost Bitten and Exploded, and Vanek Offered to Help His Chum.

COLORADO SPRINGS, Colo., Dec. 26.—Frank Vanek, well-known mining man of Cripple Creek district, Saturday night proved how strong Western generosity is, when he took out one of his own eyes and gave it to Sam W. Vidler, a mining and newspaper man, who had broken one of his own optics. Both men wear false left eyes.

Vidler's eye got frostbitten Thursday, and when he tried to thaw it out in warm water it exploded. Unable to secure another false eye in the mining camp, he was saved further disfigurement when his friend proceeded to take the glass eye out of his own head and turned it over to the former.

Until another eye arrives Vanek is using an old one he happened to have laid away.

HELD UP BY LONE BANDIT

Robber Opens Rear Door of Pullman Car and Confronts Astonished Crew With a Revolver.

KANSAS CITY, Mo., Dec. 27.—A bandit celebrated Christmas Sunday night by going through Missouri Pacific train No. 112, due here at 10:35, and holding up more than 100 passengers, from whom he took only money and watches.

The man boarded the train, which was from St. Joseph, bound for St. Louis, at Leavenworth Junction, in the outskirts of Leavenworth, and left it at Northwestern Junction, in Kansas City, Kan., after securing a large amount of money and valuables and shooting one man who attempted to resist him.

As the train pulled out of the Leavenworth Junction the robber opened the rear door of the Pullman car and confronted the astonished crew with a revolver, after which he

robbed them. Cautioning the conductor and porter to keep still, he went through the car, taking up a collection of watches and wallets. Finishing with the Pullman he continued through the chair cars and the smoker until he had held up every passenger.

The train left Leavenworth Junction shortly before 10 o'clock, and by the time the man had finished his work it had reached Kansas City Junction. Here he dropped from the steps of the smoker and disappeared.

The railroad officials say the man who was shot was not seriously injured, and it is not known how much money the bandit secured.

PLUCKY FIGHT WITH A HATPIN

Saved Christmas Bunches Which Young Lady Was Carrying Home. Screams Attract Attention.

COLLINGSDALE, Pa., Dec. 27.—Told up by a negro, who threatened her life, Miss Myrtle, the 18-year-old daughter of Wm. Gorgas, Sunday duckily fought off her assailant with a hatpin till he fled at the approach of a white man who responded to her cries. Her arms were loaded with Christmas bunches when she saw the negro approach, but although no one was in the vicinity she felt no fear.

As the man passed her he suddenly turned, seized her by the throat and demanded her packages, saying with an oath that he would kill her if she resisted. Miss Gorgas wrenched loose from the man, turned on him and gave him a battle with a pin which she drew from her hat. Again he seized her by the throat, but she jabbed his arms so badly with the pin that he was forced to let go.

The screams of Miss Gorgas attracted the attention of a man who hurried to her assistance and the negro fled.

FIRE DESTROYS RYLAND HALL

Damage Is Estimated at \$60,000 to \$65,000, but Is Amply Covered by Insurance.

RICHMOND, Va., Dec. 27.—Fire originating in the northeast corner of the fourth floor early Sunday morning destroyed the north wing of Ryland hall, the main building of the Richmond college group, also seriously damaging the central part of the building. The damage is estimated at from \$60,000 to \$65,000, but is amply covered by insurance.

The origin of the fire is a mystery; the only theory being that a cigarette stump may have been dropped by some student. The alarm in the building was given shortly after 4 o'clock by three ministerial students who had rooms on the fourth floor. A cry in the hall at the same time aroused other students sleeping in the building, and all made a dash for the stairway and discovered their escape to be cut off there by the flames. By the time the engine arrived the students had made their escape down the fire escapes.

It has been announced by the college authorities that dormitories and lecture rooms will be rented near the campus and the institution will open some time after the holidays.

In our short history of a few years we have built up a business of which we are justly proud.

We are pleased with our business because of the volume to which it has already attained, and the prospects for its future growth. We are gratified because we have established a reputation for far dealing with our customers and friends. And we are glad that our customers are in all parts of the city and county, and that we number our customers among the humblest as well as the rich depositors.

We would like very much to have you enlisted as one of our customers, and cordially invite you to make us a visit and investigate our facilities for doing an up-to-date banking business.
